

June 2012

Dear Friend,

It's been almost seven years now that I have lived in Detroit. During this time it has been an honor and pleasure to serve the community, and I have many special memories with each of you. I met and married my wife in Detroit, and in four months, we will be adding a new member to our family.

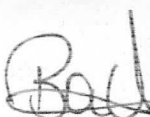

I am also excited to announce that my family will be starting a new journey in Tunisia, as I have been given the opportunity to work in the Lebanese embassy in Tunis as the Deputy Chief of Mission. I am expecting to be leaving Detroit within the first week of July.

Detroit was my first assignment abroad, and I will never be able to forget the supporting, compassionate, and loyal people that I have come to know.

My colleague and friend Mr. Bilal Kabalan, is the New Consul General, I am sure that you would extend to him the same friendship and courtesy you have shown me.

Thank you for your friendship, and please keep in touch.
Wishing you a healthy and bright future for you and your families.

Best regards,

 Bachir Tawk

Consul
